# Promoting a lifetime of oral health starts with SMART choices

## Cavitron® Ultrasonic Scaling Units & Inserts

The key to addressing some of the most prominent oral diseases - Gingivitis, Periodontal Disease and Dental Anxiety - starts with making SMART choices.

**Ultrasonic Scaling** - can quickly and effectively remove even the most tenacious calculus, which can mean less chair time and increased patient comfort. Ultrasonic inserts are designed for removing different levels of deposit, but as a tip wears from use over time, the loss of tip length translates into a loss of efficiency and discomfort. Now is always a good time to check your Cavitron® inserts and if necessary make a SMART choice to invest in EFFICIENCY, COMFORT AND RE CARE.

**FREE Hygiene Kit with 30K Cavitron Unit Offer** - includes 1 pack of Nupro Fluoride Varnish, 1 jar of Nupro and Nupro Sensodyne prophylactic paste, 1 standard pack of Sani-Tip® and 1 pack of Disposa-Shield® #2.

Buy any **30K Cavitron unit** - Plus, Jet Plus, Touch or Select SPS - and get 3 Cavitron Inserts FREE and our unique Hygiene Kit
