
SureSmile® Aligners

Content for social media posts:

1. Your ideal smile is within reach. Ask us about SureSmile Aligners!
2. Ask your dentist about the discreet, comfortable way to straighten teeth and improve oral health.
3. The clear, comfortable way to a better smile and improved oral health.
4. The clear, comfortable way to a better smile.
5. With SureSmile Clear Aligners, patients can improve their smile with a comfortable aligner that is virtually undetectable.
6. SureSmile Aligners are made using advanced technology to deliver personalised, variable trim heights for maximum comfort.
7. With SureSmile Clear Aligners, customise the trimline to either straight or scalloped, both incorporate smooth edges for ultimate comfort.
8. Virtually transparent material used for SureSmile Aligners assures patients their aligners are less noticeable than braces.
9. Straight trimline has a positive effect on the force transmission to help reduce the number of attachments.
10. Scalloped trimline follows the gingiva and is less noticeable than the straight trimline for the most discreet option.
11. Be sure your clear aligner treatment is designed to achieve great results in the shortest possible time. Ask us today about SureSmile Aligners!
