

A clear aligner  
experience designed  
to make you smile

# Get the smile you've always wanted

SureSmile Clear Aligners straighten your teeth—giving you the confidence that comes from improved oral health and a great looking smile. Our aligners are customized from the first set to the last so you receive a personalized treatment plan with a high level of predictability. The smile you've always wanted is possible with SureSmile Aligners.

**SureSmile technology has been used to treat over 1,000,000 patients\***

SureSmile has more than 20 years of experience in orthodontic treatment and provides you with predictable, compelling results. With SureSmile, you can rest easy knowing that you've chosen an excellent treatment experience. Talk to your doctor today about SureSmile Clear Aligners.

# Improved treatment experience

## SureSmile® VPro™ High Frequency Vibration Device

The SureSmile VPro is now available with SureSmile Aligners.<sup>1</sup> SureSmile VPro is a convenient and portable device designed to be used with your aligners 5 minutes a day. It delivers gentle vibrations that may reduce discomfort and may shorten treatment time.<sup>2-4</sup>

Ask your doctor about starting SureSmile Clear Aligners for the treatment experience that will make you smile.

### Download the SureSmile® VPro™ App

Pair the SureSmile VPro app with your SureSmile VPro device in order to:

- Track your daily SureSmile VPro usage
- Receive reminders to use device daily and change aligners as prescribed by your doctor
- Monitor your SureSmile VPro battery life
- Share results and progress photos

1. As prescribed by your doctor. Available in select markets, check with your doctor for availability.

SureSmile works with your doctor to create a personalized treatment plan

## WHAT TO EXPECT WHEN GETTING STARTED:

It all starts with a scan. Your doctor takes photos and a digital scan. No messy impressions are needed. Ask your doctor to show you a simulated image of your new smile so you can feel confident starting your smile journey.

Next, your doctor and the SureSmile Digital Lab work together to develop a comprehensive and customized treatment plan.

You will receive your SureSmile Clear Aligners, Patient Kit, and SureSmile VPro.\* Your journey to a better smile has officially begun.

Once your treatment has ended, don't forget to use your SureSmile Retainer to keep teeth in place long after treatment has ended.

\*Based on doctor prescription.
